Why Choose Us

About Us.

Introduction

Best Power Services (Pvt.) Ltd. is a leading provider of advanced power protection, IT equipment, and energy solutions. Established in 2002, we specialize in **Socomec UPS systems, Ritar industrial batteries, Zebra Technologies IT equipment, and solar energy solutions** that ensure uninterrupted operations for critical business infrastructure.

With over 24 years of experience, Best Power has delivered reliable and high-quality power and technology systems, supported by a professional engineering team and prompt technical support. Our end-to-end services include consultation, system design, installation, commissioning, and maintenance.

We are committed to delivering operational continuity, energy efficiency, and superior service standards for our domestic and global clients.

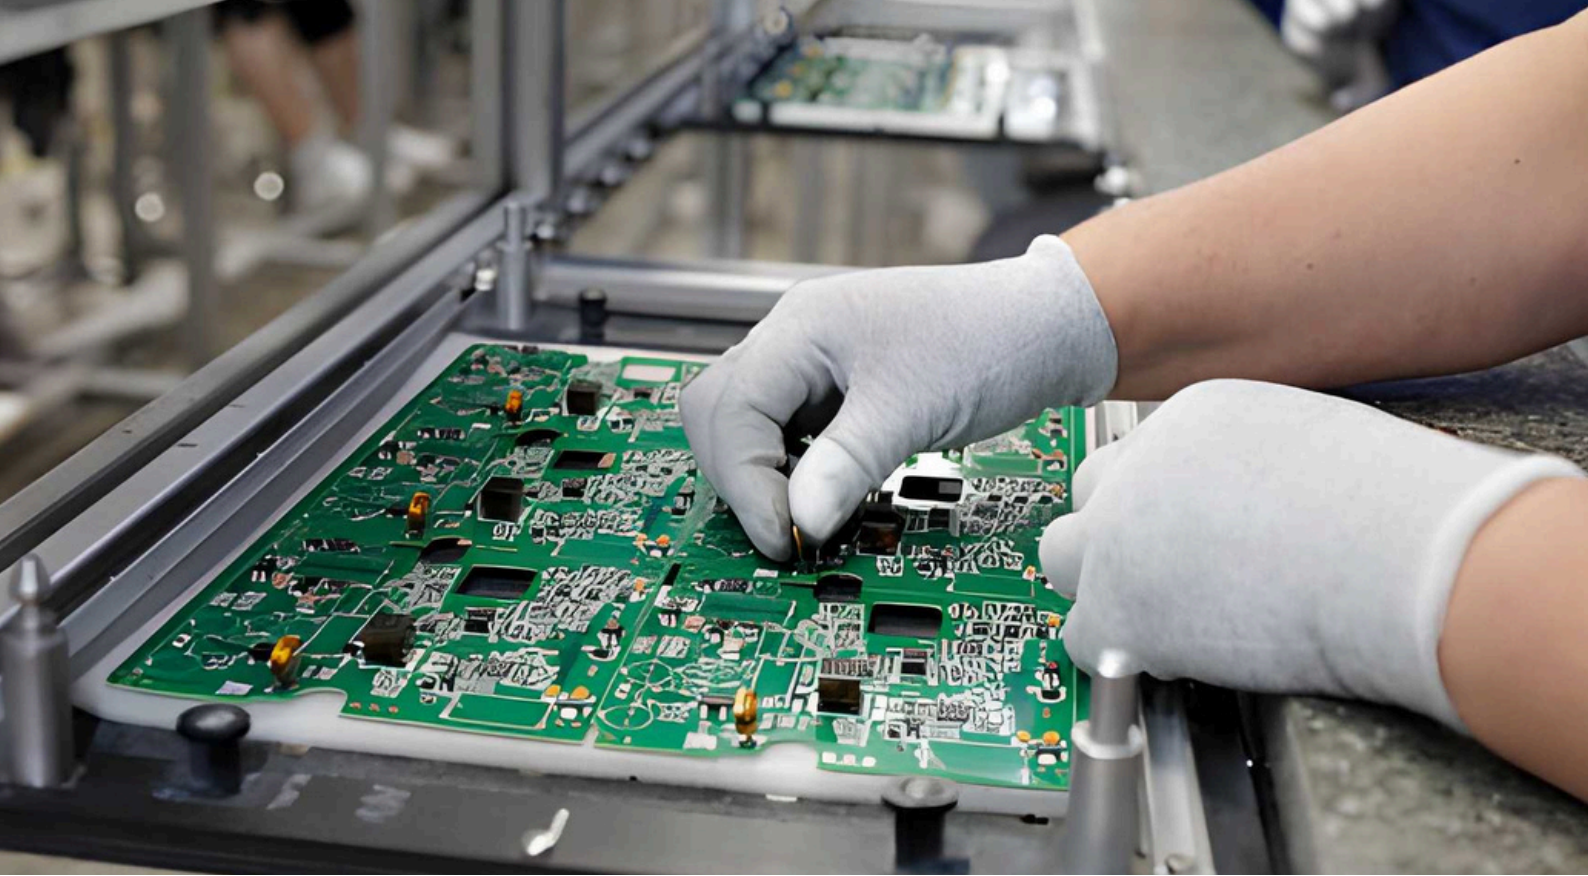

Mission & Vision.

MISSION

Our mission is to provide high-performance **UPS systems, batteries, IT equipment, and Solar energy solutions** that ensure uninterrupted operations, maximize efficiency, and guarantee customer satisfaction.

VISION

To be the most trusted leader in power protection and energy solutions, delivering innovative, reliable, and sustainable technologies that empower industries worldwide.

Our Solutions

UPS Power Solutions

- Online & Industrial Socomec UPS
- Modular UPS Systems
- Data Center UPS
- Industrial UPS for Manufacturing & Telecom

Solar Solutions

Advanced renewable energy systems designed for efficient and sustainable power generation.

Batteries

High-performance industrial batteries ensuring reliable backup power and long service life.

IT Equipment

Zebra Technologies IT equipment and enterprise solutions for modern business operations.

Technology Partners & Brands

We collaborate with globally recognized technology leaders to deliver high-performance UPS systems, reliable industrial batteries, sustainable solar energy solutions, and advanced IT equipment—ensuring efficiency, scalability, and uninterrupted operations across industrial and commercial environments.

SOCOMECS UPS SYSTEMS

Reliable and efficient UPS solutions for continuous power protection.

RITAR INDUSTRIAL BATTERIES

Long-lasting batteries for dependable backup and energy storage.

ZEBRA TECHNOLOGIES (IT EQUIPMENT)

Mobile computers, printers, barcode scanners, RFID, tablets, machine vision systems, kiosks, sensors, and tracking technologies for smart operations.

SOLAR ENERGY SOLUTIONS

Efficient and sustainable solar systems for modern energy needs.

Battery Solutions – Ritar

Best Power offers **Ritar Industrial Batteries**, designed for:

- UPS Backup Systems
- Data Centers
- Telecom Networks
- Solar Energy Storage

Key Features:

- Long design life
- High energy density
- Maintenance-free operation
- Reliable performance in mission-critical applications

Ritar batteries ensure **stable and dependable backup power** for critical business environments.

UPS Solutions – Socomec

Best Power provides **Socomec UPS systems**, designed for:

- Online & Industrial UPS Backup Systems
- Data Centers
- Telecom Networks
- Healthcare & Critical Facilities

Key Features:

- High reliability and efficiency
- True online double conversion technology
- Scalable and modular design for future expansion
- Pure sine wave output for sensitive equipment
- Advanced monitoring and management via LCD/remote interfaces

Socomec UPS systems ensure **continuous and stable power supply**, protecting critical equipment and operations in mission-critical environments.

IT Equipment Solutions – Zebra Technologies

Best Power delivers advanced Zebra solutions for industries like logistics, retail, manufacturing, healthcare, and supply chain.

Solutions Include:

- Mobile Computers
- Printers
- Barcode Scanners
- RFID Products
- Printing Supplies
- Tablets
- Machine Vision and Fixed Industrial Scanners
- Interactive Kiosks
- Accessories
- Environmental Sensors
- Location Technologies

Key Benefits:

- Real-time data visibility
- Rugged, enterprise-grade performance
- Seamless integration & connectivity
- Scalable for business growth

SMART SOLUTIONS FOR A SMARTER BUSINESS

Zebra Technologies delivers innovative hardware and solutions that give you real-time visibility, connect your operations and empower your workforce to achieve more.

IMPROVE ACCURACY

INCREASE PRODUCTIVITY

REAL-TIME VISIBILITY

ZEBRA'S COMPLETE PORTFOLIO

ONE PARTNER. ENDLESS POSSIBILITIES.

RFID SOLUTIONS

Advanced RFID readers, antennas, printers and tags to track inventory and assets in real time with greater accuracy.

TABLETS

Rugged and powerful tablets designed for business-critical operations in tough environments.

MOBILE COMPUTERS

Durable handheld and wearable devices that give your workforce real-time access to the data they need.

MACHINE VISION & FIXED SCANNERS

Smart imaging and fixed scanning solutions for automation, inspection and quality control.

PRINTERS

High-performance desktop, industrial, mobile and RFID printers for labels, receipts, tags and more.

INTERACTIVE KIOSKS

Self-service kiosks and solutions that enhance customer experience and streamline operations.

SCANNERS

Barcode scanners built for speed, accuracy and reliability— 1D and 2D scanning for any environment.

ACCESSORIES

A wide range of accessories including batteries, chargers, cradles, holsters and mounting solutions.

PRINTING SUPPLIES

Premium labels, tags, ribbons and media that ensure high quality printing and long-lasting performance.

ENVIRONMENTAL SENSORS

Wireless sensors that monitor temperature, humidity and other conditions to protect your critical assets.

LOCATION TECHNOLOGIES

Real-time location tracking and asset visibility solutions to optimize operations and improve efficiency.

INDUSTRIES WE SERVE

RETAIL

HEALTHCARE

MANUFACTURING

LOGISTICS

TRANSPORTATION

Solar Energy Solutions

Our solar solutions provide **clean, reliable, and cost-effective power** for residential, commercial, and industrial applications:

- Grid-Tied Solar Systems
- Off-Grid & Hybrid Solar Systems
- Energy Storage Integration

Benefits:

- Reduce electricity costs
- Increase energy independence
- Support sustainability initiatives

Service Level Agreement (SLA)

Best Power Services provides **comprehensive SLA services** to ensure optimal system performance and uptime:

- Preventive Maintenance
- UPS System Inspection
- Battery Health Monitoring
- Emergency Support
- Performance Testing & Reporting

SLA Options: Monthly, Quarterly, Yearly Contracts

Guaranteed rapid response, minimal downtime, and maximum operational continuity.

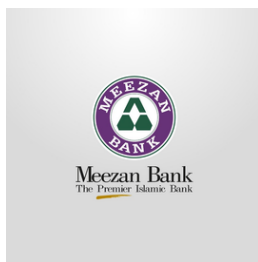

Global Projects

We have successfully executed **international power infrastructure projects**

Project	Country	Solution
KRYGYZTAN HOSPITAL	BISHKEK	160KVA UPS X 01
AFRICA FOOD INDUSTRY	ANGOLA	300KVA UPS X 01
KABUL HOSPITAL	AFGHANISTAN	100KVA X 02
SAUDIA ARABIA	JEDDAH	80KVA X 03
AZERBAIJAN UNIVERSITY	BAKU	120KVA X 02

Domestic Projects

Our domestic projects include installations for major banks, hospitals, educational institutions, and government sectors. Key projects include:

MEEZAN BANK
LIMITED

UBL

BAHRIA TOWN

PIMS HOSPITAL

LIAQUAT UNIVERSITY
OF MEDICAL &
HEALTH SCIENCES

EMIRATES

THE CITIZEN
FOUNDATION
(TCF)

PAKISTAN AIR
FORCE

Our Clients

Trusted by Industry Leaders

Ensuring uninterrupted power with reliable UPS and protection solutions.
Trusted by leading organizations and industries.

Client Portfolio

Healthcare Sector

Industrial & Manufacturing Sector

Banking Sector

Educational Sector

Aviation & Transport Sector

Why Choose Us

At **Best Power Services (Pvt.) Ltd.**, we understand that reliable power is essential for uninterrupted business continuity. We combine advanced technology with expert engineering services to ensure our clients remain fully operational 24/7.

- 24 years of industry experience
- High-quality Socomec UPS, Ritar batteries, and IT equipment solutions
- Solar and renewable energy expertise
- Strong global technology partnerships
- Professional engineering and technical support
- Proven track record in critical power projects
- Extensive experience in domestic and international projects
